Subject: [External] Request Temporary Suspension of Certificate
Date: Thursday, April 15, 2021 9:57:30 AM

Certificate Name: Matthew Aaron Phillips DBA Aaron's Taxi Service
Certificate Type: Class C Taxi
Certificate Number: 9095
Docket Number: 2015-337-T

To whom it may concern,

I was explained about this option from Jenna Sarrell (Very nice lady) I was already a small struggling service barely allot because of UBER taking over all the night time business. Due to Co-VID I have had to cancel insurance and park my last TAXI. I would like to possibly try again without having to completely start the process over as soon as I can get my feet planted solid and try to eat the cost of starting back up again. A temporary suspension for up to a year should be More then enough. Can I please be accepted for this option? I will begin with insurance company and a new Form E etc. before I operate again. But a 1 year holding pattern would be best option for me at this time? Maybe until easy date for me to remember my sisters birthday 4/20/2022 ? Thank you for your time and consideration
